DIRECWAY.

Imagine your own satellite tv channel targeted to all your countrywide stores. Let's put you in the picture.

YOUR VISION HAS ARRIVED
As part of our all-star programme, Hughes Network Services, the world's leading satellite network solutions provider, has teamed up with three of the UK's leading broadcast services providers to bring you DIRECWAY.

DIRECWAY is revolutionary, delivering broadcast where terrestrial options simply do not exist. Without geographic boundaries, it provides flexible broadcast-to-retailer business applications anywhere in the UK.

We've already changed the face of business television forever, with our precisely targeted reach of watching audiences, and on DIRECWAY you get to reach more, with our high speed connectivity, organisations can utilise applications as diverse as interactive training and distance learning, e-commerce services, corporate sites and public broadcasting, this network, as well as credit card clearance, all from the same source.

To grow healthy and strong, you need the right food

J. Arthur Bower's really outstanding plants. We know what it's like to make them grow, and that's why thousands of expert gardeners come to rely on our unrivalled range of plant food. They are easy and easy to apply. There's no need to mix, just sprinkle or pour, apply to soil and they break down naturally in the soil, giving results.

Just one application of our multi-purpose plant food Compost up to two months. Bone Meal, an organic food building food, is perfect for trees and shrubs. Another organic based plant food, Blood & Bone is used to keep your plants in top top and provide flowering. Plus we have a range of products for plants, such as Garden Lark which breaks down heavy soil and maintains moisture levels.

For simple to use products with long lasting results it's easy to understand why gardeners in the know choose J. Arthur Bower.
